

## **Creating Your Housing Vision**

A Housing Vision is a description of a person's hopes and dreams for where and how they would like to live, and with whom. Creating a vision is a process of mapping out the life a person wishes to live, which includes their social and support circle, vocational or volunteer responsibilities and hobbies they enjoy. A Housing Vision also includes the important factors we need to consider when choosing a place to live.

What is right for one person may not be right for another, and over time, your Housing Vision will likely change as your life evolves and you learn what is right for you.

Below are some links to information and resources we hope you might find useful as you take steps to create your housing vision.
